

## **About company**

Holding Vostokcement is vertically integrated industrial group with construction material production based on own raw material base.

Vostokcement company was established in 2002 to strengthen positions in the cement market. After obtaining in its management JSC Spasskcement as well as the distribution structure of DV-Cement LLC, Vostokcement in the following years has been rapidly increasing capacities for the integrated production of building materials.

Under management of the company in 2002 appeared JSC Teploozersky Cement Plant (Jewish Autonomous Region), in 2004 – JSC “Vladivostokskiy butoshebenochniy zavod” (Vladivostok Crushed Stone Plant) (Primorsky region) and in 2005 – JSC Rock-Crushing Plant (Primorsky region).

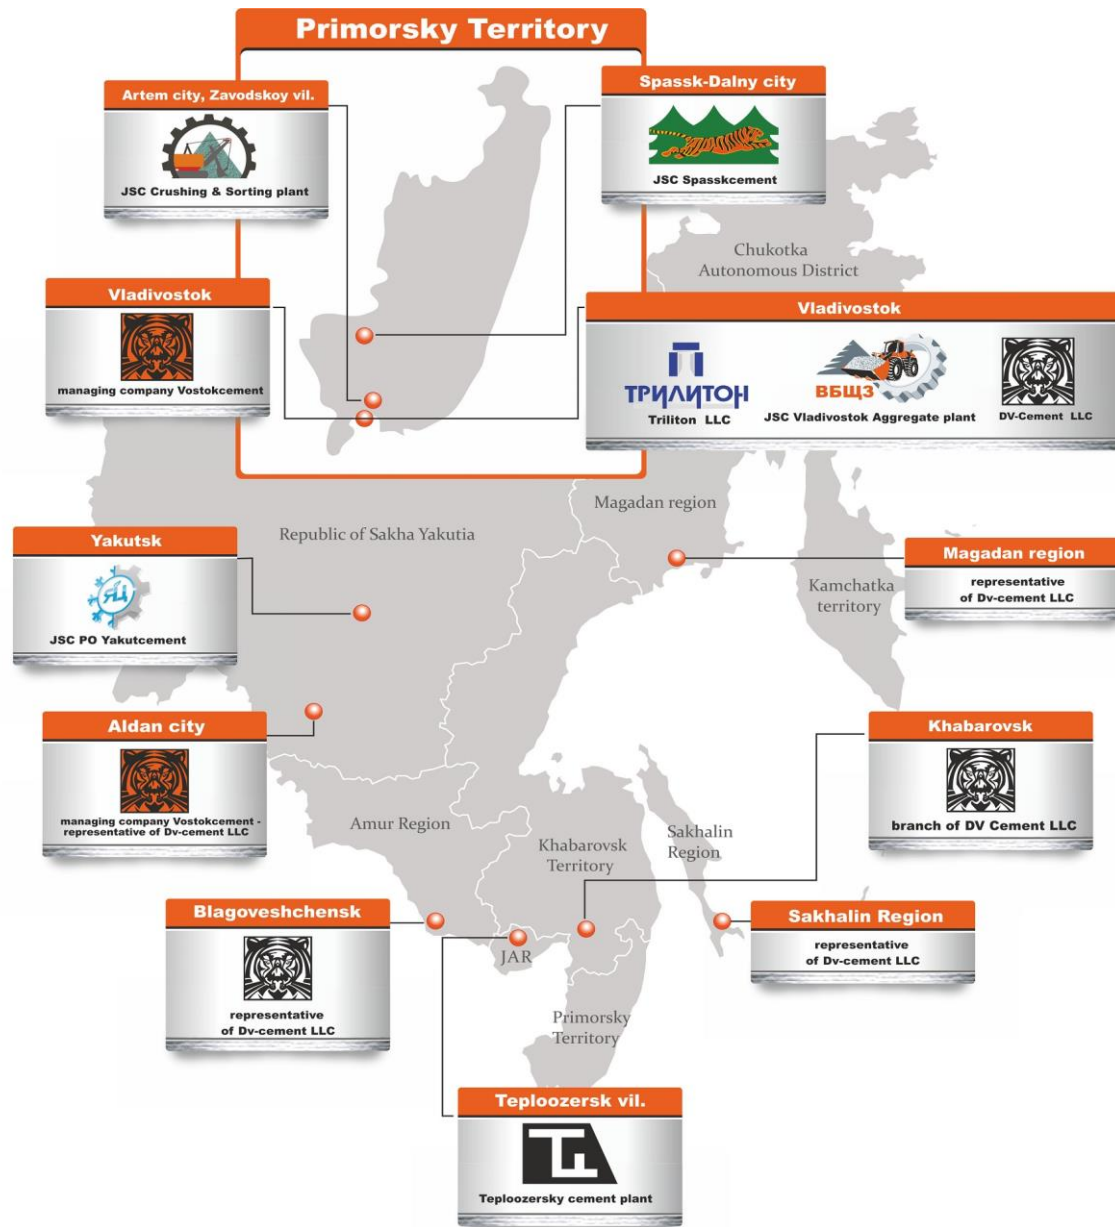

In 2014, the group of companies was finally joined by JSC Production Association Yakutcement. Thus, all three full-cycle cement plants in the Far East were incorporated in Vostokcement.

In 2014, a separate venue was allocated to the production of concrete. Triliton company is engaged in the production and delivery of concrete under the same brand name – “Triliton.”
